PARTNER AGENCIES OF SOUTHERN LUZON STATE UNIVERSITY IN RESEARCH ACTIVITIES

No.	Partner Agency	Nature of Partnership
1.	National Economic and Development Authority – Regional Development Council CALABARZON	<p>Under the NEDA-RDC CALABARZON, the Regional Research and Innovation Committee coordinates research and innovation efforts of the government and private institutions in the region. It ensures that RDE efforts of their affiliated agencies, such as the Southern Luzon State University (SLSU), are aligned with the latest Regional Development Plan.</p> <p>The Regional Director of NEDA IVA also sits as the member of the SLSU Board of Regents who grants the approval of proposed research projects in SLSU.</p>
2.	Department of Agriculture	<p>DA is the principal government agency mandated to develop the agriculture and fisheries sector in the country through the provision of adequate and appropriate support services.</p> <p>SLSU is always able to seek financial resources from DA to support the implementation of relevant research projects, may it be through the Philippine Rural Development Project's or through the Region IVA Office</p>
3.	Department of Agriculture – Bureau of Agricultural Research	<p>DA-BAR is tasked to plan, monitor, evaluate, integrate, manage the R&D fund, and initiate fund-sourcing activities of all agriculture and fisheries research and development activities of the government in coordination with other agencies and the private sector.</p> <p>SLSU has always been one of the recipients of the financial support of DA-BAR in the form of research funding.</p>
4.	Department of Budget and Management	<p>The DBM facilitates the release of funds through National Budget Circulars which include the allocation for SLSU's research project implementation.</p>
5.	Department of Environmental and Natural Resources	<p>DENR provided the 3.5 Million pesos for the establishment of hedge garden through the construction of Clonal Forestry Nursery. The facility aims to produce quality planting materials of indigenous forest tree species as an IGP of SLSU in support to the National Greening Program of the government. It also became an avenue in conducting faculty and students researches.</p>

6.	Department of Science and Technology	<p>The DOST is mandated to provide central direction, leadership, and coordination of scientific and technological efforts of the country. It spearheaded the formulation of the Harmonized National R&D Agenda (HNRDA), in consultation with various sectors, to make certain that the results of the S&T endeavors are geared towards and are utilized in areas of maximum economic and social benefit for the people. The HNRDA serves as the major reference of SLSU in formulating and updating its Research and Development Agenda.</p> <p>The DOST also provides technical assistance and generous research funding opportunities to agencies, such as SLSU, through its service institutes, such as the Technology Application and Promotion Institute (TAPI) and the Industrial Technology Development Institute, and its sectoral councils, specifically the Philippine Council for Agriculture, Aquatic and Natural Resources Research and Development (PCAARRD), Philippine Council for Industry, Energy and Emerging Technology, Research and Development (PCIEERRD), and the Philippine Council for Health Research and Development (PCHRD).</p>
7.	Southern Tagalog Consortium for Industry and Energy R&D	STCIERD is a consortium under DOST-PCIEERRD that aims to enhance the formulation and implementation of industrial and energy research and development programs in Region IV. SLSU benefits from its membership to this consortium as it provides support in the establishment and operation of relevant R&D programs and projects.
8.	Southern Tagalog Agriculture, Aquatic, and Resources Research Development and Extension Consortium	STAARRDEC is a consortium under DOST-PCAARRD that is mandated to determine the regional research and development priorities, including budgetary allocations for specific projects, of member agencies, like SLSU. It assists its members in crafting RDE proposals for possible funding of line agencies such as DOST. It also provides technical trainings and workshops to capacitate member agencies in conducting research and extension activities and in pursuing technology transfer and commercialization.
9.	Department of Trade and Industry	SLSU is a recipient of various Shared Service Facilities (SSF) project of DTI. The most recent SSF being utilized for research and development purposes in the university is the SLSU-DTI SSF for Nipa Sweeteners Production stationed at SLSU Infanta Campus.
10.	Bureau of Fisheries and Aquatic Resources	BFAR is the government agency responsible for the development, improvement, management, and conservation, of the country's fisheries and aquatic resources. It provides financial support to agencies,

		like SLSU, to pursue implementation of relevant projects. Recently, BFAR renewed the gratuitous permit of SLSU to operate the mangrove/fishpond in Alabat, Quezon.
11.	LGU Tagkawayan	LGU Tagkawayan provided the fund for the implementation of the research project entitled "#TK sa Bakuna: Tagkawayan societal acceptance and baseline assessment of knowledge in COVID-19 vaccine towards National Immunization Advocacy."
12.	Office of Senator Loren Legarda	In 2016, former Senator Legarda provided the funds necessary to facilitate the research project entitled "Development of a coffee table book on the lives and culture of indigenous people in Region IVA CALABARZON."
